

RECREATIONAL POND MANAGEMENT

Learn About Pond Management & Critter Control

Managing your pond can be tricky. Whether you are experiencing weed issues, not sure if or when you should fertilize, or when to stock fish, this workshop will answer all your questions. We will also tackle wildlife issues such as beaver and otter control. Join us as Dr. Rusty Wright of Auburn University and Dana Johnson of USDA Wildlife Services teach us all about pond management!

April 15th 9AM – 1PM
Elton Dean Sr. Park
7251 Old Selma Rd.
Montgomery, AL
