### Montgomery County Commission Approves Funding for 21 Road Projects

MONTGOMERY, Ala. (02/28/2023)- Montgomery County residents are set to see several major road projects over the coming months thanks to recent funding from the Montgomery County Commission.

At their February 21 meeting, Commissioners unanimously approved funding for 21 road improvement projects across the county.

The projects include repaving and traffic striping totaling over 39 miles.

Funding for the road improvements comes from the Montgomery County Rebuild Alabama Fund (CRAF) and Montgomery County General Funds. The total cost of the projects is \$4,471,219.45.

"High-quality infrastructure is important for Montgomery County," said Montgomery County Commission Chairman Doug Singleton. "These new roadway improvements will not only provide a smoother ride for our residents, but also ensures that citizens living in all corners of our county have safe and reliable roadways."

Citizens should expect some minor delays and traffic pattern changes during the construction process.

Since 2017, the Montgomery County Commission has authorized over \$18 million in new road improvements countywide.
