RE: Rural Planning Organization of Central Alabama

Mr. Mims:

The end of Commissioner Andrew Hall's service on the Montgomery County Commission, Montgomery County will create an empty seat on the Policy Committee for the Rural Planning Organization (RPO). We would like to request that the County Commission vote to appointment a new member to this Committee at their first possible opportunity. The RPO is a transportation planning process serving the rural areas of Alabama and providing a formal link between ALDOT and local governments.

The Policy Committee will meet approximately quarterly and at this time we are working to establish the Committee's meeting schedule for FY2017. We expect that the first meeting of the fiscal year will take place during the month of November and hope that your new appointment will be able to participate in that meeting. During our meetings we will offer training and informational presentations, and the committee will participate in the 2017 update of the Human Services Coordinated Transportation Plan (HSCTP) as well as make recommendations and provide information on potential future projects to be passed on to ALDOT.

We look forward to hearing from you regarding this important position and ask that once an appointment has been made you provide us with the name and contact information of the person selected. If you need additional information please feel free to contact me at (334) 262-4300 or kennis@carpdc.com.

RE: CARPDC Board Appointment

Dear Commissioner Dean, Chairman:

Since April 20, 1971 Montgomery County has been an active and vital member of the Central Alabama Regional Planning and Development Commission (CARPDC). This has been an important partnership promoting regionalism and fostering relationships between the various member governments across Autauga, Elmore and Montgomery Counties.

Montgomery County has benefited from its forty-six (46) year relationship with CARPDC and this can be measured by the millions of dollars brought into the county from Federal grants obtained through CARPDC's efforts. Some of these monies are represented by: water and sewer development (rural water systems); park and recreational development (Snowden Park); economic development (MOBIS Montgomery); Weatherization – Energy Efficiency Program; and housing rehabilitation (Eastwood Villa). These projects are over shadowed by the thousands of Montgomery County residents that are directly impacted by these types of projects: having improved water and sewer systems; increased employment opportunities; expanded recreational prospects; better living conditions with weatherized or rehabilitated homes; and general enhanced quality of life.

Montgomery County is represented by six voting members to the CARPDC Board of Directors who help set policy and direction of the organization. As the result of past elections, Commissioner Jiles Williams, Jr. has held one seat of the Montgomery County delegation. Effective November the 1st, this seat will be open and can be filled by a County Commissioner, county official or a county resident.

I am requesting that the Montgomery County Commission appoint a new representative to the CARPDC Board of Directors as soon as possible. I would like to indicate that Commissioner Williams has indicated his interest in continuing to represent Montgomery County in this position. He is eligible to serve in this position under CARPDC By-laws.

I will await the Montgomery County Commission's action to address this issue. If you have any questions, please let me know.

Sincerely,

Subject to these elevated threat level conditions, HSGP funds requested for organizational costs may be used to support select operational expenses associated with increased security measures at critical infrastructure sites. SUBJECT : Request for Carry Over Funding
Hardware Replacement

I am requesting the Commission allow me to carry over funds from our 2016 budget to our 2017 budget. We had \$300,000.00 budgeted for important upgrades to our computers which was granted. While we were working with the County's Information Systems Department on getting this completed, we were only able to utilize \$100,000.00 of the upgrades. The remaining replacement parts are now available for which I am requesting to carry over the \$200,000.00 from the 2016 budget to complete this upgrade.

I look forward to hearing from you in a timely manner.

Re: Hardware Replacement Needed for Sheriff's Office

Currently the Information Systems Department is attempting to maintain and support critical older outdated hardware that is no longer under warranty and is considered past end of life by the equipment manufacturer. Unfortunately manufacturer approved parts are no longer available to complete necessary repairs. I believe the Sheriff's Office had previously budgeted for the hardware replacements which include new AVL hardware for Sheriff's Patrol vehicles in addition to replacement of all remaining Fujitsu laptops for law enforcement personnel. Due to several time constraints all of the hardware replacements were not completed within the last budget year. Recently the Sheriff's Office has experienced several hardware failures on both AVL and laptop equipment because of old age. The Sheriff's Office needs to purchase the necessary replacement hardware as soon as possible or when the budget allows. Please see the attached estimates to complete the replacement of all remaining past end of life hardware.
